

COMMUNITY ROAD
IMPROVEMENT ASSOCIATION

Kings Prairie Farmers Start Movement to Build One Mile Gravel Road Each Year.

An enthusiastic bunch of men on Kings Prairie have organized the Kings Prairie Township Community Road Improvement Association, the members pledging themselves to build one mile of gravelled road a year.

The organization meeting was held at the Kings Prairie school house on February 23, and officers selected were president, Frank A. Wightman, vice president, Marion Tate; secretary-treasurer, A. G. Anderson.

The mile of gravel road to be constructed yearly is to be by donation, and will include the highway leading to the Barry and Lawrence county lines.

The first mile selected starts from the county line and runs south to Carter's store. Arrangements with the Special Road District have been made to place standard concrete water ways and grade, the organization members and friends to furnish teams and men to cover the same with gravel. This road leads to the old Sidway Ranch, now owned by H. C. Cox and known as the Cox White Face Stock Farm, a real show place.

The Kings Prairie citizens have the Ozark Playground spirit and one mile of gravel road each year will soon lift them out of the mud.

PIONEER PASSES AWAY

P. A. Boucher, a pioneer citizen of Barry county and one of her highly esteemed citizens, passed away at his home in Wheaton Monday, February 21, following a long illness of Bright's disease, at the age of 71 years, 7 months and 6 days.

In the passing of Mr. Boucher, the county has lost one of her native, pioneer citizens, he having been born on Washburn Prairie in 1849 and lived in the county all of his life.

His parents, John G. and Elizabeth Hagan Boucher were natives of Allen county, Kentucky and came to Barry county and located on what is now the Pat Martin farm on the east edge of Washburn Prairie in 1844. They lived on that farm for sixteen years and there P. A. was born. When he came to manhood's estate he acquired a good education and for a number of years was a successful teacher. To this profession and to farming he gave most of his attention. For many years he lived near Exeter and owned a farm there when he died. A short time ago he moved to Wheaton which had since been his home.

Funeral services were held at the Concord Baptist church Tuesday afternoon, conducted by Rev. Chas. Vanzandt. Pythagoras Lodge A. F. & A. M. officiated with the Masonic funeral service at the grave. Mr. Boucher had been a member of the Baptist church for many years and of the Masonic Fraternity for more than forty years.

He was married to Miss Rebecca Holt in 1876. To them eight children were born, seven of whom are living: Oriando, Fenton, Corrine, Caddie, Shelby, Lena and Robert. Mrs. Boucher died in 1890. In 1892 he was married to Mrs. Martha Churchwell, nee Hadley. To them three children were born, Delphia, Della and Eula, two of whom are living. He also leaves three brothers: Campbell of Ardmore, Okla., Robert of Melrose, New Mexico, and W. A. of Purdy. Mrs. Mary Tabor a half sister lives at Newtonia.

As a man closely identified with the country's history and progress for a half century of active life, he had always stood for the upbuilding of his community and county and used his influence for good.—Cassville Republican.

FRISCO TO BUILD
NEW HOSPITAL

Will Build Modern Building at Springfield on Site of Present Hospital.

Springfield, Feb. 26.—A modern hospital building, twice the size of the present structure, will be erected by the Frisco system on West Atlantic street on the site of the present Frisco hospital, according to an announcement made last night by T. A. Hamilton, vice president of the St. Louis and San Francisco railroad. The announcement was made during the course of his address at the Chamber of Commerce.

Mr. Hamilton, as vice president of the railroad, is chairman of the hospital committee, and for some time he has realized that the demands of the local institution had outgrown its capacity. Accompanied by the chief surgeon of the Frisco railroad he recently visited all the more important hospitals in the United States in order to collect data of the most modern forms of hospital structure and arrangements.

Architects are now working on these ideas and drawing plans for the erection of a building in Springfield that will not only be adequate to take care of all demands made on it, but will be a triumph of architectural art. The surrounding grounds will be beautified and made into a regular park.

The present plans contemplate room for 140 patients, which will make it one of the largest hospitals in the United States.

LAUGH

Build for yourself a strong box,
Fashion each part with care;
Fit it with hasp and padlock,
Put all your troubles there.
Hide therein all your failures,
And each bitter cup you quaff.
Lock all your heartaches within it,
Then—sit on the lid and laugh.
Tell no one of its contents;
Never its secrets share;
Drop in your cares and worries,
Keep them forever there.
Hide them from sight so completely
The world will never dream half;
Fasten the top down securely,
Then—sit on the lid and laugh.
